# Cisco Multi-head Cables

# Contents

## Product overview

Cisco® multi-head cables provide flexibility and pleasing aesthetics in meeting rooms, and hassle-free content sharing for the user. The cables can connect a wide range of laptops to a Cisco video-conferencing systems without the hassle of using multiple dongles. They clean up the meeting space with a sleek single-cable design while ensuring the quality of the signal up to a 29.5-foot range. And users don't need to worry about bringing the right dongles to the meetings.

The multi-head cables support audio and video from a laptop to Cisco video-conferencing systems via HDMI.
